**LIGHT FOR KIDS FOUNDATION**
Mission of Light For Kids Foundation
Print Email

The Light for Kids Foundation focus to develop life skills of children according to Luke 2:52:-

"And Jesus grew in wisdom and stature, and in favor with God and man"

In wisdom: by providing education to the children
In stature: by nurturing the children in health and training them to develop their skills
In the favor with God: by teaching the children from the Bible
In the favor with people: by encouraging the children to live peacefully in the society

Besides children’s studying at school and playing in their free time, they will learn to live and help one another by doing their given chores—cooking, cleaning, doing laundry, washing dishes, taking care of vegetables—which are weekly rotated.
They will also learn to live moderately through different activities such as planting vegetables, feeding chicken, frogs, fish, ducks and pigs. In the long run, all children will receive the basic skills as cooking, doing laundry, washing dishes, cleaning, doing their given chores—cooking, cleaning, washing dishes, washing laundry, and working in the field.

With their skills and minimal skills, the children are able to take care of themselves with a hope to take care for their own families in the future.

By teaching the children to pray, the children develop the basic religious and moral values.

REAL ESTATE MAGAZINE

THAILAND

Real Estate Magazine Thailand (REM) is the first English language property magazine established in 2000 to report on all the best property developments throughout Thailand, especially in the Pattaya area on Thailand’s thriving Eastern seaboard. Considered by most industry insiders to be the bible of Real Estate in Pattaya, REM contains news, features, specially written columns and a wealth of advertising from the city’s leading real estate brokers and developers. If you are looking to buy a condominium or house in the Pattaya area, REM should be your first port of call. All the city’s leading property developers are featured in the magazine. And if the second-hand property market is of interest you will find hundreds of properties for sale and to rent in its pages. If you want to know what is happening in Pattaya’s property market REM is your only choice. Now offering a full range of online services. Real Estate Magazine Thailand (REM) is not afraid to question traditional ways of doing things. We feature pioneers of Pattaya’s property market, both young and old. This is a property magazine designed to help, rather than to promote online sales.

CINEBLITZ CO., LTD
You’ve heard about this, right? This place
called everywhere, where everyone else
is. (And let me tell you, everyone else is
having a great time doing it.) And, deeply,
truly, honestly they’d love it if you were
next to them - in the thick of it. Exploring
cultures. Uncovering new worlds. Turning
possibilities into realities day in day
out, like some impossible dynamo that
ever tires and never slows down.

But, and this is the greatest part, it’s
not impossible. It’s out there and all you have
to do to become enmeshed in it is go. And
once you start going, just don’t stop. And
that’s the easiest thing in the world - it’s so
easy, the world was made that way.
You’ve heard about that, too? *An object
in motion wants to remain in motion.*

Let us, See the Thailand, be the ones that
help you get from point A to points B, C,
D, and E. After E, you’re free to come
home because you might have cats or
kids to feed and you can’t pay Ramesh
the neighbour to take care of them in
perpetuity.

We’ve got more than four years of
momentum behind us, so we’ve definitely
got the oomph to overcome any inertia
and deliver you to the scene of the action
- anywhere you want to be. And how ever
you want to shoot your film, we can help.
